

2 Axis 6 Tool Stations CNC Lathe Machine Flat Bed Type 3000mm Centers Distance

Basic Information

- Place of Origin: SHANDONG
- Brand Name: cnc lathe machine
- Certification: CE
- Model Number: CK6150

Product Specification

- Number Of Axes: 2
- Machine Dimension: 2/2.3*1.5*1.7
- Tool Post Stations: 6, 4, 8
- Distance Between Centres: 3000mm
- Cnc Or Not: Cnc
- Style: Flat Bed Type
- Positioning Accuracy: 0.01
- Spindle Head Type: A2-5
- Highlight: cnc lathe 2 axis, 6 Tool Stations CNC Lathe, CNC Lathe Machine Flat Bed

Product Description

2 Axis 6 Tool Stations CNC Lathe Machine Flat Bed Type 3000mm Centers Distance

Technical Specifications

Number Of Axes

2

Machine Dimension

2/2.3*1.5*1.7

Tool Post Stations

6, 4, 8

Distance Between Centres

3000mm

CNC Control

Yes

Style

Flat Bed Type

Positioning Accuracy

0.01

Spindle Head Type

A2-5

Through Bar Diameter

Ø104 (optional Ø130)

Tailstock Shaft Diameter

95mm

Coolant System

Yes

Product Overview

The CK6150 CNC lathe machine features a powerful coolant system that handles demanding cutting and drilling tasks with ease. With two axes and a 95mm tailstock shaft diameter, it produces precise cuts and uniform finishes on various materials including steel, aluminum, and brass.

This versatile machine offers a through bar diameter of Ø104mm (optional Ø130mm) and A2-5 spindle head type, making it adaptable to diverse machining requirements. Ideal for both basic turning operations and complex machining tasks.

Key Applications

Turning and drilling metal parts for industrial machinery
Producing precision components for automotive and aerospace industries
Manufacturing custom parts for medical equipment
Creating decorative patterns on metal surfaces
Mass production of identical parts

Customization Options

The CK6150 CNC lathe machine can be customized to meet specific requirements:

Choice of spindle head type: A2-5
CNC control options: GSK or FANUC
Optional through bar diameter of Ø130
Positioning accuracy of 0.01
Distance between centers of 3000mm

Manufactured in SHANDONG with high-quality standards, contact us to discuss your specific configuration needs.

Technical Note

The maximum workpiece length this CNC lathe machine can process is 750mm.
