GB4250 Steel Metal Band Saw Metal Cutting Machine With Automatic Hydraulic Clamping

Our Product Introduction

For more products please visit us on luyoungcncmachines.com

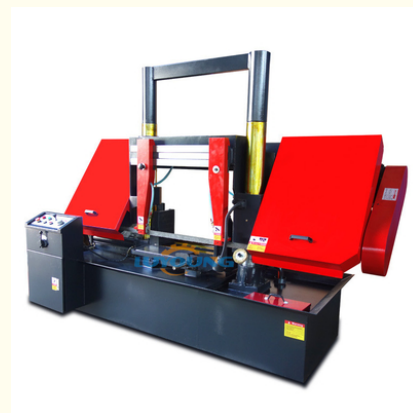

Basic Information

- Place of Origin: China
- Brand Name: Lu Young
- Model Number: GB4250
- Minimum Order Quantity: 1set
- Price: 2500USD-5600USD
- Packaging Details: Plywood box
- Delivery Time: 5-8 days
- Payment Terms: L/C, T/T
- Supply Ability: 100sets per month

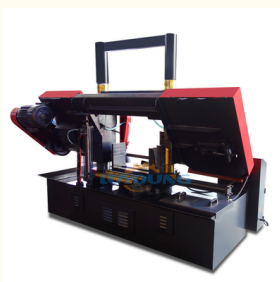

Product Specification

- Machine Type: Metal Band Sawing Machine
- Warranty: 1 Year
- Blade Size: 5650*41*1.3mm
- After-Sales Service Provided: Engineers Available To Service Machinery Overseas
- Weight: 2500kg
- Voltage: 110V/220V
- Working Clamping: Hydraulic
- Sawing Range: 500-500×500mm
- Highlight: bandsaw cutting machine,
band saw steel cutting machine,
band saw metal cutting machine

Product Description

GB4250 Customized Metal Band Sawing Machine With Automatic Hydraulic Clamping

Product Description:

With a cutting angle of 0°-45°, our metal band sawing machine provides you with the versatility to tackle any project with ease. The machine is designed as a Double Column CNC Sawing Machine, ensuring stability and precision in every cut.

Despite its heavy-duty capabilities, our metal band sawing machine only weighs 2500kg, making it easy to move around your workshop as needed.

The blade speed of our metal band sawing machine is adjustable, with options ranging from 27m/min to 69m/min. This allows you to fine-tune the machine to suit the specific needs of your project, ensuring that you get the perfect cut every time.

With its robust construction and advanced features, our metal band sawing machine is perfect for a wide range of metal cutting applications. Whether you're a professional metalworker or a DIY enthusiast, this machine provides you with the power and precision you need to get the job done right.

Features:

Product Name: Metal Band Sawing Machine

Sawing Range: 500×500mm

Cutting Angle: 0°-45°

Dimension: 3200X1700X2100mm

Working Clamping: Hydraulic

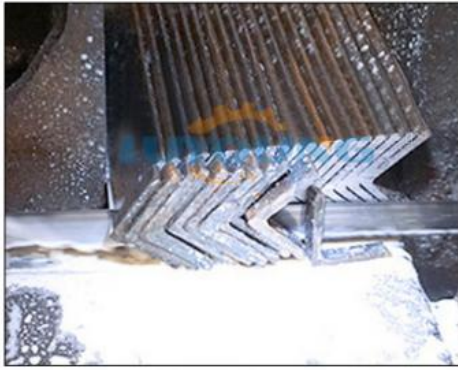

Machine Type: Double Column CNC Sawing Machine

Technical Parameters:

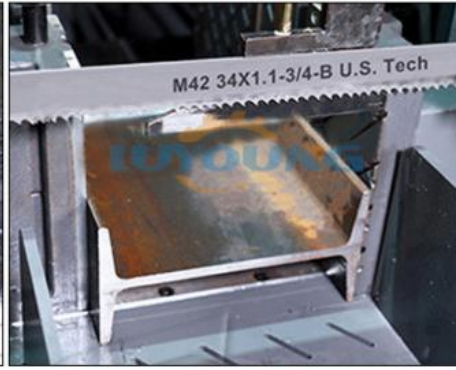

Cutting Angle	0°-45°(optional configuration)
Blade Speed	27,45,69m/min
Blade Size	5650*41*1.3 mm
Voltage	110V/220V
Power	5.5KW
Warranty	1 Year
Sawing range	500×500mm
Machine Type	CNC Metal Band Sawing Machine
After-Sales Service Provided	Engineers Available To Service Machinery Overseas
Dimension	3200X1700X2100

Applications:

Metal Band Sawing Machine Applicable Materials Band sawing machine: Band sawing machine is mainly used for sawing carbon structural steel, low alloy steel, high alloy steel, special alloy steel and stainless steel, acid-resistant steel and other metal materials.

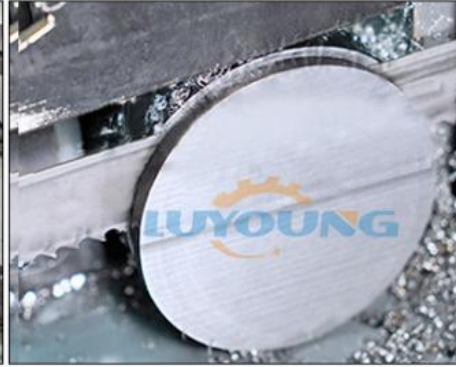

Cutting Angle

Saw and cut I-bars

Cutting square tube

Cutting round steel

Saw and cut round pipe

Cutting round bar

Product Feature:

1. Hydraulic control of cutting speed, stepless adjustment
2. The structure of the guide block is scientific and reasonable, which prolongs the service life of the saw blade
3. Double column structure, stable operation
4. Stable sawing and high precision
5. The work clamping adopts hydraulic clamping, which is easy to operate.
6. Customizable three-way hydraulic clamping device

01

DOUBLE COLUMN

PALLET SUPPORT

Packing and Shipping:

- 1.Port: Qingdao port or Shanghai port
- 2.Payment method: T/T, L/C, D/P, D/D etc.
- 3.Payment: 30% T/T as deposit, 70% balance shall be paid before shipment.
- 4.Delivery time: 30 days after receive the 30%T/T deposit.
- 5.Non-fumigation packaging, we use seaworthy plywood.

6. Steel base plate, it is stronger 3-5 times than normal plywood base plate.
7. Water-proof and damp proof, water resistant film wrapped all the machine.

FAQ:

Q: What is the brand name of this metal band sawing machine?

A: The brand name of this metal band sawing machine is Lu Young.

Q: What is the model number of this metal band sawing machine?

A: The model number of this metal band sawing machine is GB4250.

Q: Where is this metal band sawing machine manufactured?

A: This metal band sawing machine is manufactured in China.

Q: What is the cutting capacity of this metal band sawing machine?

A: This metal band sawing machine has a cutting capacity of up to 300mm in diameter.

Q: What type of material can be cut by this metal band sawing machine?

A: This metal band sawing machine is designed for cutting various types of metal materials, including steel, stainless steel, iron, aluminum, and copper.
