

Automatic Metal Cutting Band Saw Machine GB4230 Blade Speed 3KW Power

Our Product Introduction

For more products please visit us on luyoungcncmachines.com

Basic Information

- Place of Origin: China
- Brand Name: Lu Young
- Certification: CE,ISO
- Model Number: GB4230
- Minimum Order Quantity: 1set
- Packaging Details: PLYWOOD box
- Delivery Time: 10DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 100sets per month

Product Specification

- Weight: 800kg
- Cutting Angle: 0°-90°
- Warranty: 1 Year
- Blade Size: 3505X27X0.9mm
- Machine Type: Metal Band Sawing Machine
- Power: 3KW
- Dimension: 1860×1000×1400mm
- Highlight: automatic metal cutting band saw machine,
metal band saw machine 3KW,
metal band saw machine GB4230

Product Description

GB4230 Blade Speed Metal Band Sawing Machine with Hydraulic Working Clamping and 3KW Power

Product Description:

Why choose our machine?

1. **Product selection services**, you can give us your workpieces or drawings, then our Professional team will choose the most suitable model for you.
2. **Flexible configuration**, you tell us your request then we design and produce it.
3. **Free training**, we supply free training online or at our workshop.
4. **Free technical support**, including machine brochures, machine inspection certificate, precision inspection book, machine foundation diagram , standard machine tools .
5. **7×24 hours service**, listen in time and handle your feedback within 24 hours.

Features:

GB4230 Blade Speed Metal Band Sawing Machine with Hydraulic Working Clamping and 3KW Power is tensioned on two saw wheels, and the saw wheel drives the saw band to cut. There are two main types of band sawing machines: vertical and horizontal. The saw frame of the vertical band saw machine is set vertically, and the work piece moves during cutting to cut the curve contour of the sheet and the formed part. The saw band can also be replaced with a file chain or sanding belt for filing or sanding. The saw frame of the horizontal band saw machine is arranged horizontally or obliquely, and feeds in the vertical direction or the direction of swinging around a point. The saw band is generally twisted by 40° to keep the saw teeth perpendicular to the work piece. Horizontal type is divided into scissors type, double column, single column type band saw; according to the usage, it is divided into manual type (economical manual feeding and manual cutting of materials) and automatic type; according to the automation program using the controller, it can be divided into manual type (Semi-automatic manual feeding) automatic type (automatic feeding and automatic cutting); according to the cutting angle requirements, it is divided into angle sawing machine (can saw the cutting angle of 90 degrees and 45 degrees) without angle, that is, 90 degrees vertical cutting.

Features of Double Column Horizontal Metal Band Sawing Machine Series Band Sawing Machine:

1. Double column structure, vertical lifting, high stability
2. Hydraulic control of cutting speed, stepless speed regulation
3. Work piece clamping hydraulic clamping, easy to operate
4. Customized three-way hydraulic tightening device
5. The product has the characteristics of compact structure, stable performance, simple operation, high production efficiency, strong safety, etc.
6. Saw blade break induction, automatic emergency shutdown

HEAVY CUTTING

Heavy Cutting.Can cut 400mm at Most.

AUTO. FEEDER

Standard With 1 Meter Auto. Feeder.PLC Controlled.High Efficiency.

FAMOUS ELECTS

Standard with Famous Electrical.Schneider \$ Delixi Available.

Technical Parameters:

Sawing Range	300×300mm
Warranty	1 Year
Blade Speed	27,45,69m/min
Dimension	1860×1000×1400mm
Weight	800kg
After-Sales Service Provided	Engineers Available To Service Machinery Overseas
Machine Type	Metal Band Sawing Machine
Blade Size	3505X27X0.9 mm
Working Clamping	Hydraulic
Main motor	3kw
Oil pump motor	0.42kw
Cooling pump motor	0.04kw

Applications:

THE REAL CASE OF CUSTOMERS

A VARIETY OF MATERIALS CAN BE ARBITRARILY CUT

sawing angle iron

Saw cut channel

Sawing 45# round steel

Sawing square tube

Sawing H-beam

Sawing stainless steel

Customization:

Our cnc metal band sawing machine is customizable according to your requirements. We provide product customization services that ensure our sawing machine meets your exact needs.

Our after-sales service is also top-notch. Our team of engineers is available to service machinery overseas, ensuring your machine runs smoothly and efficiently throughout its 1-year warranty period.

Our **FACTORY**

BAND SAW

Packing and Shipping:

- 1.Port: Qingdao port or Shanghai port
- 2.Payment method: T/T, L/C, D/P, D/D etc.
- 3.Payment: 30% T/T as deposit, 70% balance shall be paid before shipment.
- 4.Delivery time: 30 days after receive the 30%T/T deposit.
- 5.Non-fumigation packaging, we use seaworthy plywood.
6. Steel base plate, it is stronger 3-5 times than normal plywood base plate.
- 7.Water-proof and damp proof, water resistant film wrapped all the machine.

FAQ:

1.Does the GB4230 Blade Speed Metal Band Sawing Machine with Hydraulic Working Clamping and 3KW Power can be customized?

Of course, if our standard configuration can not meet your needs, please tell us that we redesign and produce the machine to meet your

needs

2.How long is the warranty period of the GB4230 Blade Speed Metal Band Sawing Machine with Hydraulic Working Clamping and 3KW Power?

Warranty period is one year, if parts damage within one year, we will send free of charge. Free online training or factory training to ensure that you can use our products properly. We can offer overseas paid installation, commissioning service.

3.What time is your work time?

We work online 24 hours a day, offer quotes and technical support at any time.

4.Do you use the Trade Assurance on ?

Yes, all of the order use this.Can guarantee the quality of the product and your payment.

5.How to get a quote?

Please tell us the model you need or send us drawings of the workpiece, then we can recommend the most suitable products to you. We will give you the best offer within 24 hours.

6.How to contact with you?

My mobile/whatsapp: +86 18660853235; QQ:3494630853 ;Please send message to us, thanks in advance!
