

Horizontal Steel Band Saw Industrial Iron Metal Cutting Band Sawing Machine Automatic

Our Product Introduction

For more products please visit us on luyoungcncmachines.com

Basic Information

- Place of Origin: China
- Brand Name: Lu Young
- Certification: CE,ISO
- Model Number: GB4235
- Minimum Order Quantity: 1set
- Delivery Time: 10days
- Payment Terms: L/C, T/T

Product Specification

- Weight: 1600kg
- Blade Size: 4115*34*1.1mm
- Cutting Angle: 0°-45°
- Blade Speed: 27 45 69m/min
- Working Clamping: Hydraulic
- Dimension: 2000X1100X1700mm
- Machine Type: Metal Band Sawing Machine
- Sawing Range: 350×350mm
- Highlight: horizontal steel band saw, automatic steel saw, metal saw cutting machine

Product Description

GB4235 industrial iron metal cutting band sawing machine for metal

Product Description:

Equipped with a powerful 3KW motor, this CNC sawing machine has three different blade speeds: 27, 45, and 69m/min, providing you with the flexibility to cut through a wide range of materials. Whether you're cutting through steel, aluminum, or other metals, this machine will get the job done quickly and efficiently.

Our CNC metal band sawing machine is perfect for a variety of industries, including manufacturing, fabrication, and construction. With its precise cutting capabilities, you'll be able to create accurate cuts every time, improving the overall quality of your work.

Not only is our CNC sawing machine efficient and reliable, but it's also easy to use. With intuitive controls and a user-friendly interface, you'll be up and running in no time. Plus, its compact design allows it to fit easily into any workspace.

Investing in our CNC metal band sawing machine is a smart decision for any business looking to increase productivity and improve efficiency. So why wait? Contact us today to learn more about how our sawing machine can benefit your business.

Features:

- ♣Double column structure, vertical lifting, high stability
- ♣Hydraulic control of cutting speed, stepless speed regulation
- ♣Work piece clamping hydraulic clamping, easy to operate
- ♣Customized three-way hydraulic tightening device
- ♣The product has the characteristics of compact structure, stable performance, simple operation, high production efficiency, strong safety, etc.
- ♣Saw blade break induction, automatic emergency shutdown

HEAVY CUTTING

Heavy Cutting.Can
cut 400mm at Most.

AUTO. FEEDER

Standard With 1
Meter Auto. Feed-
er.PLC Con-
trolled.High Effi-
ciency.

FAMOUS ELECTS

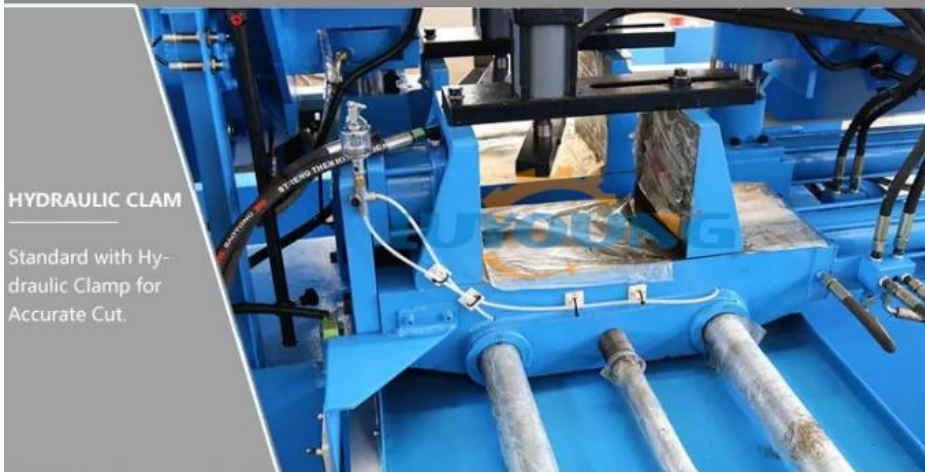

Standard with
Famous Electri-
cal.Schneider \$
Delixi Available.

DOUBLE COLUMN STRUCTURE

Double Column Structure, Stable Cutting.

HYDRAULIC CLAMP

Standard with Hydraulic Clamp for Accurate Cut.

PLC CONTROL

Touch screen.PLC Controller for Automatic Cutting.

Technical Parameters:

Item	GT4235 metal band sawing machine	GT4235 CNC automatic band sawing machine	GT4232 CNC automatic band sawing machine
Maximum sawing size	350mm	350mm	320mm
Band saw blade specification	4115X34X1.1	4115X34X1.1	4114X34X1.1
Saw blade linear speed	27X45X69	27X45X69	27X45X69
Saw wheel diameter	450	450	450
feed speed	Stepless	Stepless	Stepless
Main motor power	3KW	3KW	3KW
Hydraulic motor power	0.75KW	0.75KW	0.75KW
Water pump motor	0.04KW	0.04KW	0.04KW
Clamping mode	Hydraulic clamping	Hydraulic clamping	Hydraulic clamping
Transmission mode	Worm gear	Worm gear	Worm gear
outline dimension	2000X1100X1700	2100X2100X1700	2100x2100x1700
weight	900KG	1600KG	1600KG

Our **FACTORY**

BAND SAW

Applications:

The Lu Young GB4235 Metal Band Sawing Machine is perfect for cutting different types of materials such as metal, steel, and aluminum. , this sawing machine can make cuts at different angles, making it ideal for various types of cutting applications. The sawing range is also impressive, with a maximum capacity of 300×300mm.

The Lu Young GB4235 Metal Band Sawing Machine is easy to operate, and it comes with an intuitive interface that makes it easy to use. The machine is equipped with hydraulic working clamping, which ensures a secure and precise clamping of the workpiece during the cutting process. This feature ensures that the workpiece does not move during the cutting process, which can result in inaccurate cuts.

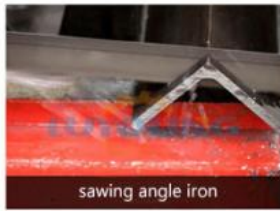

The Lu Young GB4235 Metal Band Sawing Machine is also ideal for use in various scenarios. It is perfect for use in workshops, factories, and other manufacturing facilities. The machine is designed to withstand heavy use and is ideal for cutting large volumes of materials.

When it comes to after-sales service, the Lu Young GB4235 Metal Band Sawing Machine does not disappoint. The manufacturer provides engineers who are available to service the machinery overseas. This ensures that customers have access to technical support whenever they need it.

In summary, the Lu Young GB4230 Metal Band Sawing Machine is a reliable and efficient sawing machine that is ideal for various cutting applications. Whether you are cutting metal, steel, or aluminum, this sawing machine provides precise and accurate cuts. It is easy to use, durable, and comes with excellent after-sales service.

THE REAL CASE OF CUSTOMERS

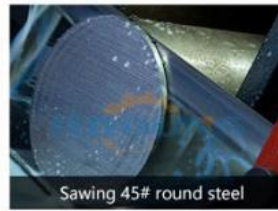

A VARIETY OF MATERIALS CAN BE ARBITRARILY CUT

sawing angle iron

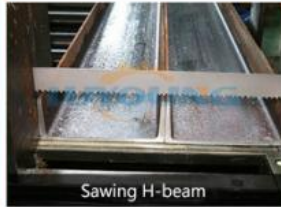

Saw cut channel

Sawing 45# round steel

Sawing square tube

Sawing H-beam

Sawing stainless steel

Customization:

At Lu Young, we offer product customization services for our Metal Band Sawing Machine - Model GB4230. Our sawing machine is made with high-quality materials and is designed to meet the needs of various industries. Our Double column sawing machine is manufactured in China with a power of 3KW and working clamping systems that are hydraulic. Our Metal Band Sawing Machine has a sawing range of 350×350mm, making it perfect for cutting various types of metal. We take pride in offering our customers a 1-year warranty for our saw machine, ensuring that they are satisfied with their purchase. With our product customization services, we can tailor our Metal Band Sawing Machine to meet your specific needs. Whether it's a change in the sawing range or adding additional features, our team of experts can help you create the perfect sawing machine for your business. Choose Lu Young for all your Metal Band Sawing Machine needs, and experience the difference that high-quality materials and expert craftsmanship can make.

Support and Services:

1. We supply 24 hours on-line service, you could contact with us by email ,phone ,wechat ,whatsapp,skype etc.
2. Received your phone or mail, we will Analyze the problem immediately.
3. Supply professional solution, after analyze the problem, we give you our best solution.
4. The warranty period of the whole machine is 1 year. Under normal use, if the machine parts are damaged during the warranty period, we will provide free accessories. Outside the warranty period, if the parts are damaged, we only charge the cost price of the parts, and will never overcharge.
5. Provide lifetime free technical support, you can contact us at any time if you encounter difficulties in the process of use.
6. We provide overseas services, engineers can go to the customer's factory for debugging, installation, maintenance, and repair. (In case of non-epidemic situation).

Packing and Shipping:

1. Port: Qingdao port or Shanghai port
2. Payment method: T/T, L/C, D/P, D/D etc.
3. Payment: 30% T/T as deposit, 70% balance shall be paid before shipment.
4. Delivery time: 30 days after receive the 30% T/T deposit.
5. Non-fumigation packaging, we use seaworthy plywood.
6. Steel base plate, it is stronger 3-5 times than normal plywood base plate.
7. Water-proof and damp proof, water resistant film wrapped all the machine.

FAQ:

1. Does the Automatic steel band saw machine GB4235 industrial iron metal cutting band sawing machine cnc lathe can be customized?

Of course, if our standard configuration can not meet your needs, please tell us that we redesign and produce the machine to meet your needs

2. How long is the warranty period of the Automatic steel band saw machine GB4235 industrial iron metal cutting band sawing machine?

Warranty period is one year, if parts damage within one year, we will send free of charge. Free online training or factory training to ensure that you can use our products properly. We can offer overseas paid installation, commissioning service.

3. What time is your work time?

We work online 24 hours a day, offer quotes and technical support at any time.

4. Do you use the Trade Assurance on ?

Yes, all of the order use this. Can guarantee the quality of the product and your payment.

5.How to get a quote?

Please tell us the model you need or send us drawings of the workpiece, then we can recommend the most suitable products to you. We will give you the best offer within 24 hours.
