

4th Axis Cnc Milling Machine Siemens Fanuc System Table Size 800x400mm VMC650

Our Product Introduction

for more products please visit us on luyoungcncmachines.com

Basic Information

- Place of Origin: Shandong, China
- Brand Name: lu young
- Model Number: VMC650
- Price: \$17,000.00/sets 1-4 sets
- Packaging Details: VMC 650 cnc milling machine 4 axis with siemens and fanuc system of standard overseas export packaging
Our packing is standard sea export plywood box, which can guarantee the quality of the goods and also reduce the loss.
The mode of transportation
- Supply Ability: 60 Set/Sets per Month

Product Specification

- Type: VERTICAL
- Range Of Spindle Speed(r.p.m): 50 - 8000
- Number Of Axes: 3
- Machining Capacity: Medium Duty
- Spindle Taper: BT40
- Table Travel (X) (mm): 700
- Table Travel (Y) (mm): 450
- Table Travel (Z) (mm): 500
- Positioning Accuracy (mm): 0.01
- Repeatability (X/Y/Z) (mm): 0.005
- Voltage: 220V
- Dimension(L*W*H): 2550*2160*2300mm
- Key Selling Points: Multifunctional
- Weight (KG): 4000

Product Description

Table Size 800*400mm VMC650 4 Axis CNC Milling Machine with Siemens and Fanuc System

VMC650 cnc milling machine 4 axis with siemens and fanuc system

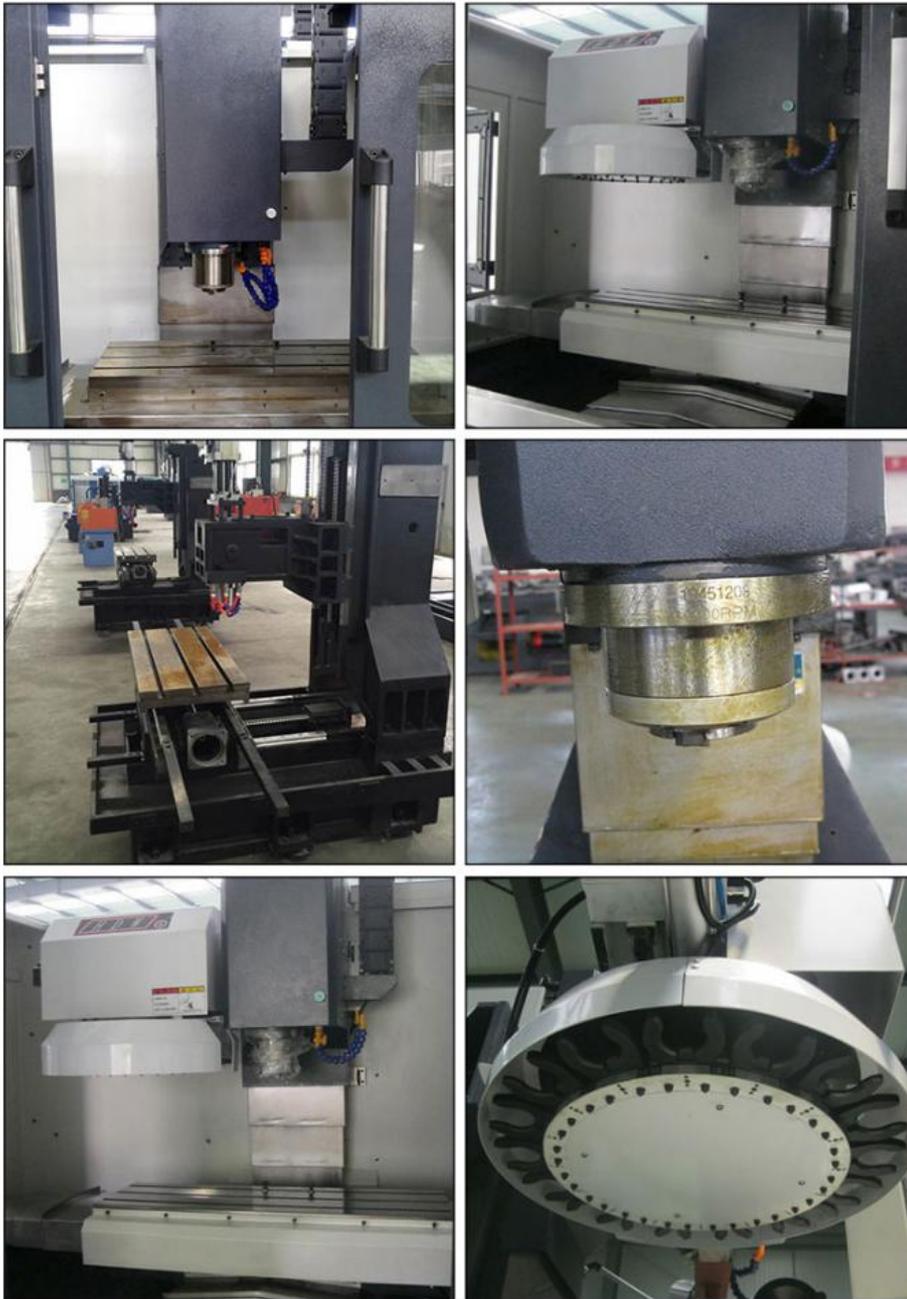

Technical parameters

650	unit	parameter
Work counter (long * wide)	mm	800*400
Table load	Kg	450
X / Y / Z	mm	650*400*500
Main shaft end to work table	mm	120--620
specification	mm	3*18
Center distance	mm	125
taper		BT40
Distance between spindle center and vertical column guide rail	mm	496
Spindle speed	rpm	100--8000
Rated power	Kw	5.5/7.5
Drive system		Belt drive

Positioning accuracy	mm	0.007
Repeat positioning accuracy	mm	0.005
Rated power	Nm	2010/10/10
X/Y/Z is the maximum moving speed	m/min	24/24/20
X/Y/Z maximum cutting speed	m/min	10
capacity	put	20
Machine weight	kg	4500
External dimensio	mm	2550*2160*2300
The power requirements	KVA	380V 15KVA

Product Description

VMC650 cnc milling machine 4 axis with siemens and fanuc system consists of main engine, CNC system, electrical control system, automatic lubricating system, cooling system, totally enclosed protective cover, automatic chip removal device (optional) etc. The machine has the X, Y, Z three axis linkage, in a clamping can finish milling, drilling, boring, expanding continuously, hinge, such as the internal and external screw thread processing a variety of rough and finish machining process, is suitable for processing all kinds of high precision, working procedure, shape more complex parts, to provide users with complex parts processing and quick, perfect integration solutions.

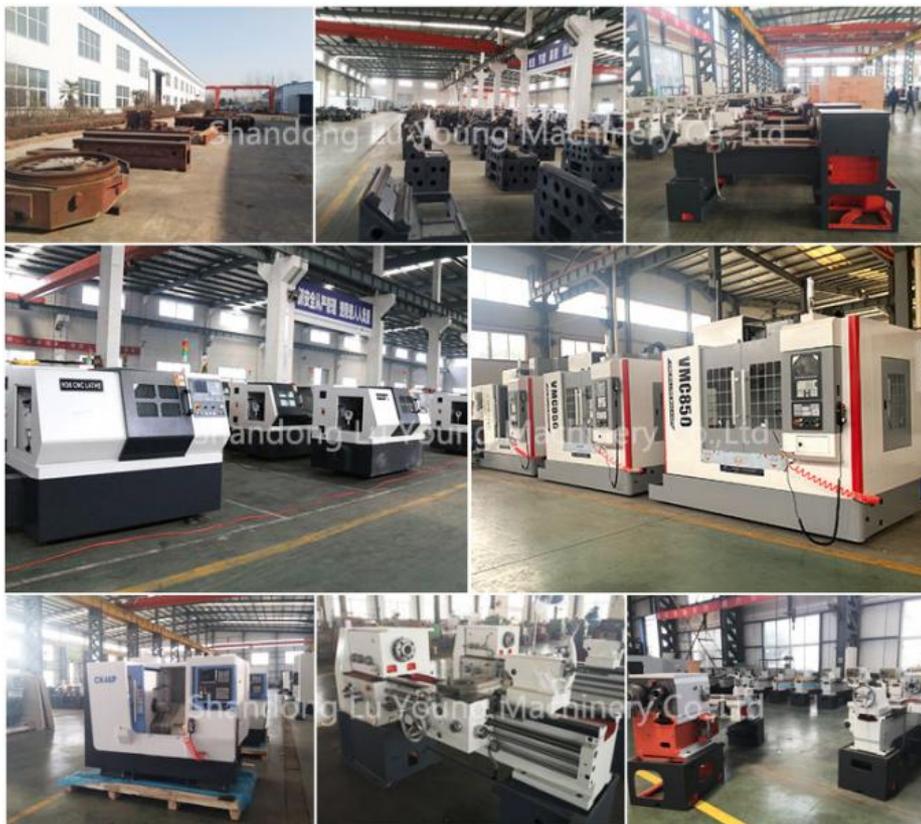

Product Features

The characteristics of VMC 650 cnc milling machine 4 axis with siemens and fanuc system

1. Adopting the world advanced numerical control system, the M60S series are servo-driven, ensuring the stability of the control system is high, the speed is fast, and the surface is smooth.
The advantages of high precision, the ability to make moulds, is the best choice for mold production.
2. All M60S series controllers are marked with RISC64 bit CPU.
3. Coordinate display value conversion can be freely switched (program value display or manual insertion quantity display switching)
4. Standard internal carrier profile function, working position coordinates and central point measurement functions.
5. Buffer correction function extension: can correspond to IC card/computer link B/DNC/MDI mode.
6. Edit the edit mode in the edit screen, and switch to edit or edit the whole page.
7. Graphical display function improvement: can contain the prop path information to fully display the work coordinates and the actual location of the props compensation.

Company Information

Company specializing in CNC machinery research and development in 20 years, we have good technology, and advanced team, to provide efficient service, for the ball more than 40 countries research and development, production, sales of the company. **CNC lathe, CNC milling machine, machining center**

Our company has independently developed a series of numerical control lathes for CK0620, CK6130 and CK6132, and has established a large number of special machine tools for many enterprises, whose products are reliable. Price discount, deeply

loved by new and old customers. High-quality finished products, perfect pre-sales and after-sales service, is our company's quality purpose, is the pursuit of all employees of our company, is also the guarantee of the majority of users' trust.

Packaging & Shipping

1. Non-fumigation

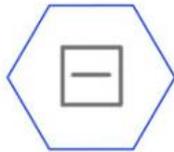

packaging, we use seaworthy plywood.

2. **Steel base plate**, it is **stronger 3-5 times** than normal plywood base plate.
3. **Water-proof and damp proof**, water resistant film wrapped all the machine.
4. **Fully sheathed case**, prevention of collision and keep the goods intact.

Our Services

Customer Service

PROVIDE GLOBAL AFTER-SALES SERVICE

Free Sample Making

English User Manual and Operation Video

Installation and Commission Support

24 Hours On-line Service

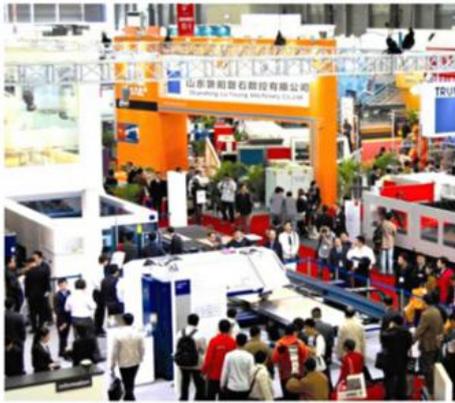

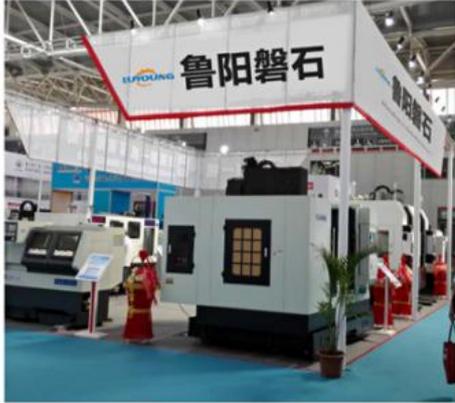

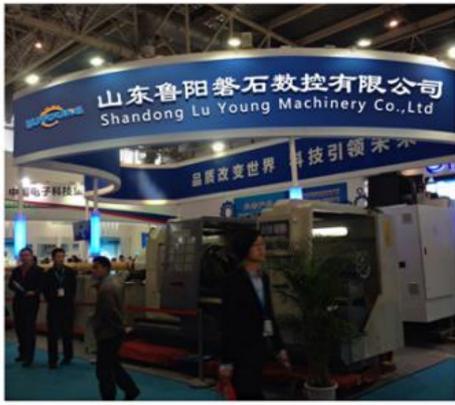

Professional After Sales Team

Delivery Time Promised

Shandong Lu Young Machinery Co., Ltd.

1. Our customers come from more than 40 different countries and promote the most suitable products for different countries to provide the best service;
- 2 we participated in many exhibitions, the Chinese machinery exhibition, guangzhou commodities fair, through the exhibition to expand overseas market, we invite customers to visit our factory, also can be customized according to customer demand, through our products and services for customers

1. Our customers come from more than 40 different countries and promote the most suitable products for different countries to provide the best service;
- 2 we participated in many exhibitions, the Chinese machinery exhibition, guangzhou commodities fair, through the exhibition to expand overseas market, we invite customers to visit our factory, also can be customized according to customer demand, through our products and services for customers

Why choose us

OUR ADVANTAGE

20 years factory experience

Friendly factory price support

Strong research and development team

24 hours professional online service

We supply special machine design based your work-pieces one by one

Free training in our workshop One year warranty and oversea service experiences

Independent workshop for cnc lathe machine ,cnc milling machine,cnc center &cnc swiss type machine

Perennial cooperation with many famous companies,for example Siemens,GSK,FANUC,NSK and so on.

1.Our company has 20 years of experience in CNC lathesOur company produces more than 1000 CNC machine tools per year, more than 40 countries export, and get good evaluation and affirmation.The high quality assurance of our lathe has good rigidity and stability.

2.electrical components from famous brand, provided by the Japanese and Taiwanese brands, its mechanical precision reach or exceed the international standard. Our CNC lathe is durable, safe and reliable, life for more than 10 years.

3. After 20 years of improvement, we have formed a complete production to maintain high quality and control costs. We will provide high quality prices to help you establish advantages in your local market.

4.We have a professional technical service team that provides the best service for youOverseas services can provide 24-hour online sales and free after-sales service.
