

GZ4230 CNC Automatic Horizontal Automatic Metal Cutting Band Saw Machine

Our Product Introduction

for more products please visit us on luyoungcncmachines.com

Basic Information

- Place of Origin: Shandong, China
- Price: \$5,500.00/sets 1-4 sets

Product Specification

- Condition: New
- Machine Type: Band Saw Machine, GZ4230 CNC Automatic Horizontal Metal Cutting Band Saw Machine
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: New Product 2020
- Saw Blade Tension Method: Hydraulic
- Warranty Of Core Components: 1 Year
- Core Components: Gearbox, Pressure Vessel, Pump, Gear, Bearing, Engine, Motor, PLC
- Showroom Location: None
- Warranty: 1 Year
- Weight (KG): 800
- Applicable Industries: Manufacturing Plant
- Key Selling Points: Competitive Price

Product Description

GZ4230 CNC Automatic Horizontal Metal Cutting Band Saw Machine with Auto Bar Feeder

Hot sale metal band sawing machine:

Why choose our machine?

1. **Product selection services**, you can give us your workpieces or drawings, then our Professional team will choose the most suitable model for you.
2. **Flexible configuration**, you tell us your request then we design and produce it.
3. **Free training**, we supply free training online or at our workshop.
4. **Free technical support**, including machine brochures, machine inspection certificate, precision inspection book, machine foundation diagram , standard machine tools .
5. **7×24 hours service**, listen in time and handle your feedback within 24 hours.

Specification of GZ4230 CNC automatic horizontal metal cutting band saw machine with auto bar feeder

Main technical parameters		GZ4230	GZ4240	GZ4250
Sawing range	Round steel(mm)	300	400	500
	Square material(mm)	300*300	400*400	500*500
Belt saw blade size(mm)		4115*34*1.1	4870*41*1.3	5680*41*1.3
Saw blade speed(m/min)		26,42,60,79,93	27,48,70	20,35,45,65,80
working clamping		Hydraulic	Hydraulic	Hydraulic
Motor power	Main motor(kw)	3	4	5.5
	Oil pump motor(kw)	0.55	0.75	0.75
	Cooling pump motor(w)	90	90	90
Package size(mm)		2400×2200×1500	2600×2400×1700	2800×2500×1800

Product Feature

GZ4230 CNC automatic horizontal metal cutting band saw machine with auto bar feeder is tensioned on two saw wheels, and the saw wheel drives the saw band to cut. There are two main types of band sawing machines:

vertical and horizontal. The saw frame of the vertical band saw machine is set vertically, and the work piece moves during cutting to cut the curve contour of the sheet and the formed part. The saw band can also be replaced with a file chain or sanding belt for filing or sanding. The saw frame of the horizontal band saw machine is arranged horizontally or obliquely, and feeds in the vertical direction or the direction of swinging around a point. The saw band is generally twisted by 40° to keep the saw teeth perpendicular to the work piece. Horizontal type is divided into scissors type, double column, single column type band saw; according to the usage, it is divided into manual type (economical manual feeding and manual cutting of materials) and automatic type; according to the automation program using the controller, it can be divided into manual type (Semi-automatic manual feeding) automatic type (automatic feeding and automatic cutting); according to the cutting angle requirements, it is divided into angle sawing machine (can saw the cutting angle of 90 degrees and 45 degrees) without angle, that is, 90 degrees vertical cutting.

Features of Double Column Horizontal Metal Band Sawing Machine Series Band Sawing Machine:

- 1.Double column structure, vertical lifting, high stability
- 2Hydraulic control of cutting speed, stepless speed regulation
- 3.Work piece clamping hydraulic clamping, easy to operate

4. Customized three-way hydraulic tightening device

5. The product has the characteristics of compact structure, stable performance, simple operation, high production efficiency, strong safety, etc.

6. Saw blade break induction, automatic emergency shutdown

PRODUCT CHARACTERISTICS

DOUBLE COLUMN STRUCTURE

Double Column Structure, Stable Cutting.

HYDRAULIC CLAMP

Standard with Hydraulic Clamp for Accurate Cut.

PLC CONTROL

Touch screen.PLC Controller for Automatic Cutting.

HEAVY CUTTING

Heavy Cutting.Can cut 400mm at Most.

AUTO. FEEDER

Standard With 1 Meter Auto. Feeder.PLC Controlled.High Efficiency.

FAMOUS ELECTS

Standard with Famous Electrical.Schneider & Delixi Available.

Application

THE REAL CASE OF CUSTOMERS

A VARIETY OF MATERIALS CAN BE ARBITRARILY CUT

sawing angle iron

Saw cut channel

Sawing 45# round steel

Sawing square tube

Sawing H-beam

Sawing stainless steel

Lu Young

Shandong Lu Young Machinery Co, Ltd. is established in July 1996. We are located in Shandong province. We are one of professional CNC lathe machine, CNC milling machine and Swiss lathe machine manufacturer in China. We founded our first lathe machine factory in 1996 in Tengzhou City to produce center lathe and universal milling machine for over 20 years development, we build three factories. One is for CNC lathe production, one for CNC milling production.

We imported advanced production technology and R&D team from Korea in 2001 and build our third factory for

Swiss lathe machine production. We own about 500 workers and 40 engineers, more than 5000 square meters.

Our engineer team has rich experiences for equipment

selection and process design, we can give you professional solution based on your workpieces fast and freely. We could produce over 1000 sets of CNC machine equipment one year. Our CNC machine tools have been exported over 40 countries and get good feedback.

♥ More than 20 years of production experience.

♥ Exported more than 40 countries.

♥ More than 300 staffs in factory.

♥ CE and ISO9001 certification.

♥ 7×24 hours online service.

Who choose us

The products have exported more than 40 countries around the world and receive many good feedback from our customer, please look who choose us:

Product packaging

GZ4230 CNC automatic horizontal metal cutting band saw machine with auto bar feeder

1.Port: Qingdao port or Shanghai port 2.Payment method: T/T, L/C, D/P, D/D etc. 3.Payment: 30% T/T as deposit, 70% balance shall be paid before shipment. 4.Delivery time: 30 days after receive the 30%T/T deposit.5.Non-fumigation packaging, we use seaworthy plywood. 6. Steel base plate, it is stronger 3-5 times than normal plywood base plate. 7.Water-proof and damp proof, water resistant film wrapped all the machine.

FAQ

1.Does the GZ4230 CNC automatic horizontal metal cutting band saw machine with auto bar feeder can be customized?

Of course, if our standard configuration can not meet your needs, please tell us that we redesign and produce the machine to meet your needs

2.How long is the warranty period of the GZ4230 CNC automatic horizontal metal cutting band saw machine with auto bar feeder?

Warranty period is one year, if parts damage within one year, we will send free of charge. Free online training or factory training to ensure that you can use our products properly. We can offer overseas paid installation, commissioning service.

3.What time is your work time?

We work online 24 hours a day, offer quotes and technical support at any time.

4.Do you use the Trade Assurance on ?

Yes, all of the order use this.Can guarantee the quality of the product and your payment.

5.How to get a quote?

Please tell us the model you need or send us drawings of the workpiece, then we can recommend the most suitable products to you. We will give you the best offer within 24 hours.

6.How to contact with you?

My mobile/whatsapp: +86 18660853235; QQ:3494630853 ;Please send message to us, thanks in advance!
