

## Metal Saw Cutting Machine 0.75kw Saw Blade Automatic Industrial

Our Product Introduction

for more products please visit us on [luyoungcncmachines.com](http://luyoungcncmachines.com)

### Basic Information

- Place of Origin: Shandong, China
- Price: \$3,300.00/sets 1-4 sets

### Product Specification

- Condition: New
- Machine Type: Band Saw Machine, Band Saw Machine GB4235 Steel For Iron And Metal Cutting
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: Newest
- Blade Speed (m/min): 27,45,69
- Saw Blade Tension Method:Hydraulic
- Warranty Of Core Components: 1 Year
- Core Components: Gearbox, Pressure Vessel, Pump, Gear, Bearing, Engine, Motor, PLC
- Showroom Location: None
- Warranty: 1 Year
- Weight (KG): 1600
- Applicable Industries: Manufacturing Plant

## Product Description

Oil Pump Motor 0.75kw Saw Blade Speed 45 Automatic Industrial Band Saw Machine GB4235

## Product Description

## Specification

Item	GT4235 metal band sawing machine	GT4235 CNC automatic band sawing machine	GT4232 CNC automatic band sawing machine
Maximum sawing size	350mm	350mm	320mm
Band saw blade specification	4115X34X1.1	4115X34X1.1	4114X34X1.1
Saw blade linear speed	27X45X69	27X45X69	27X45X69
Saw wheel diameter	450	450	450
feed speed	Stepless	Stepless	Stepless
Main motor power	3KW	3KW	3KW
Hydraulic motor power	0.75KW	0.75KW	0.75KW
Water pump motor	0.04KW	0.04KW	0.04KW
Clamping mode	Hydraulic clamping	Hydraulic clamping	Hydraulic clamping
Transmission mode	Worm gear	Worm gear	Worm gear
outline dimension	2000X1100X1700	2100X2100X1700	2100x2100x1700
weight	900KG	1600KG	1600KG

**Automatic Industrial Band Saw Machine GB4235 Steel for Iron and Metal Cutting.** The ring saw band is tensioned on two saw wheels, and the saw wheel drives the saw band to cut. There are two main types of band sawing machines: vertical and horizontal. The saw frame of the vertical band saw machine is set vertically, and the work piece moves during cutting to cut the curve contour of the sheet and the formed part. The saw band can also be replaced with a file chain or sanding belt for filing or sanding. The saw frame of the horizontal band saw machine is arranged horizontally or obliquely, and feeds in the vertical direction or the direction of swinging around a point. The saw band is generally twisted by 40° to keep the saw teeth perpendicular to the work piece. Horizontal type is divided into scissors type, double column, single column type band saw; according to the usage, it is divided into manual type (economical manual feeding and manual cutting of materials) and automatic type; according to the automation program using the controller, it can be divided into manual type (Semi-automatic manual feeding) automatic type (automatic feeding and automatic cutting); according to the cutting angle requirements, it is divided into angle sawing machine (can saw the cutting angle of 90 degrees and 45 degrees) without angle, that is, 90 degrees vertical cutting.

Features of Double Column Horizontal Metal Band Sawing Machine Series Band Sawing Machine:

- ♣ Double column structure, vertical lifting, high stability
- ♣ Hydraulic control of cutting speed, stepless speed regulation
- ♣ Work piece clamping hydraulic clamping, easy to operate
- ♣ Customized three-way hydraulic tightening device
- ♣ The product has the characteristics of compact structure, stable performance, simple operation, high production efficiency, strong safety, etc.
- ♣ Saw blade break induction, automatic emergency shutdown

## Our company

Shandong Lu Young Machinery Co, Ltd. is established in July 1996. We are located in Shandong province. We are one of professional CNC lathe machine, CNC milling machine and Swiss lathe machine manufacturer in China. We founded our fast lathe machine factory in 1996 in Tengzhou City to produce center lathe and universal milling machine for over 20 years development, we build three factories. One is for CNC lathe production, one for CNC milling production.

We imported advanced production technology and R&D team from Korea in 2001 and build our third factory for

Swiss lathe machine production. We own about 500 workers and 40 engineers, more than 5000 square meter.

Our engineer team have rich experiences for equipment

selection and process design,we can give you professional solution based your workpieces fast and freely.We could product over 1000 sets cnc machine equipment one year. Our cnc machine tools has been exported over 40 countries and get good feedback.

♥ More than 20 years of production experience.

♥Exported more than 40 countries.

♥ More than 300 staffs in factory.

♥ CE and ISO9001 certification .

♥ 7×24 hours online service.

Application

---

## THE REAL CASE OF CUSTOMERS

A VARIETY OF MATERIALS CAN BE ARBITRARILY CUT

sawing angle iron

Saw cut channel

Sawing 45# round steel

Sawing square tube

Sawing H-beam

Sawing stainless steel

**Automatic Industrial Band Saw Machine GB4235 Steel for Iron and Metal Cutting** Metal band saws are mainly used to cut various metal materials such as carbon structural steel, low alloy steel, high alloy steel, special alloy steel, stainless steel, and acid-resistant steel. The metal band saw is a kind of sawing equipment that uses a metal saw blade as a cutting tool and is used to cut metal materials. It is mainly used for cutting ferrous metal square materials, round materials and various profiles. It can also be used for cutting non-ferrous metals and non-metallic materials. . Because the band saw has a narrow kerf and high cutting efficiency, it consumes less energy and wastes less material. It is an efficient cutting equipment with significant energy saving and material saving effects.

### Our service

#### Customer Service

##### PROVIDE GLOBAL AFTER-SALES SERVICE

Customized service

English User Manual and Operation

Service overseas

24 Hours On-line Service

Professional After Sales Team

Delivery Time Promised

#### Automatic Industrial Band Saw Machine GB4235 Steel for Iron and Metal Cutting

1. We supply 24 hours on-line service, you could contact with us by email, phone, wechat, whatsapp, skype etc. 2. Received your phone or mail, we will analyze the problem immediately. 3. Supply professional solution, after analyze the problem, we give you our best solution. 4. The warranty period of the whole machine is 1 year. Under normal use, if the machine parts are damaged during the

warranty period, we will provide free accessories. Outside the warranty period, if the parts are damaged, we only charge the cost price of the parts, and will never overcharge. 5. Provide lifetime free technical support, you can contact us at any time if you encounter difficulties in the process of use. 6. We provide overseas services, engineers can go to the customer's factory for debugging, installation, maintenance, and repair. (In case of non-epidemic situation).

## Who choose us

**The products have exported more than 40 countries around the world and receive many good feedback from our customer, please look who choose us:**

## Packaging

#### **Automatic Industrial Band Saw Machine GB4235 Steel for Iron and Metal Cutting**

1.Port: Qingdao port or Shanghai port 2.Payment method: T/T, L/C, D/P, D/D etc. 3.Payment: 30% T/T as deposit, 70% balance shall be paid before shipment. 4.Delivery time: 30 days after receive the 30%T/T deposit.5.Non-fumigation packaging, we use seaworthy plywood. 6. Steel base plate, it is stronger 3-5 times than normal plywood base plate. 7.Water-proof and damp proof, water resistant film wrapped all the machine.

#### **1.Does the Automatic steel band saw machine GB4235 industrial iron metal cutting band sawing machine cnc lathe can be customized?**

Of course, if our standard configuration can not meet your needs, please tell us that we redesign and produce the machine to meet your needs

#### **2.How long is the warranty period of the Automatic steel band saw machine GB4235 industrial iron metal cutting band sawing machine?**

Warranty period is one year, if parts damage within one year, we will send free of charge. Free online training or factory training to ensure that you can use our products properly. We can offer overseas paid installation, commissioning service.

#### **3.What time is your work time?**

We work online 24 hours a day, offer quotes and technical support at any time.

#### **4.Do you use the Trade Assurance on ?**

Yes, all of the order use this.Can guarantee the quality of the product and your payment.

#### **5.How to get a quote?**

Please tell us the model you need or send us drawings of the workpiece, then we can recommend the most suitable products to you. We will give you the best offer within 24 hours.

#### **6.How to contact with you?**

My mobile/whatsapp: +86 18660853235; QQ:3494630853 ;Please send message to us, thanks in advance!
