#### **Product Description**

Metal Lathe Machine tck56 750mm belt drive metal turning Lathes hydraulic servo turret. The structure and external dimensions are compact and reasonable. The spindle (C axis) is driven by a servo motor. It can realize the turning of the outer circle, the end surface and the thread of various materials, such as shafts and discs, and various surface milling and drilling in radial and axial directions, and is suitable for efficient machining of small parts.

### Specification of Metal Lathe Machine tck56 750mm belt drive metal turning Lathes hydraulic servo turret

Specifications	Units	TCK56x750
Max.swing over bed	mm	560
Max. Swing over cross slide	mm	
Max. Processing length	mm	750
Cross slide length	mm	1000
Lathe bed straucture		45° integral inclined lathe
Distance between cross slide and spindle axis	mm	
Spindle nose		A2-6
Spindle (C axis )speed range	R/min	50-3500
Spindle bore	mm	66mm
Bar capacity	mm	75mm

Spindle (C Axis)motor	kw	11
Milling head		12 station driven turret
Milling head power	kw	2.3
Milling head speed	R/min	6000
X axis travel	mm	340
Z axis trave	mm	1000
Y axis trave	mm	100
Turret type		12 station driven turret
X rapid traverse	Mm/min	24000
Z rapid traverse	Mm/min	24000
Y rapid traverse	Mm/min	15000
X/Z axis positioning accuracy	mm	0.006
X/Z axis repositioning accuracy	mm	0.015
Spindle (C axis)dividing positioning accuracy	mm	0.02"(70 arc-seond)
Spindle (C axis)dividing repositioning accuracy	mm	0.006"(20 arc-seond)
Machine dimension(LxWxH)	mm	3400x2060x2100
Net weight	Kg	4200/4500

Application of our cnc lathe machine:

**Product Feature** 

The feature of Metal Lathe Machine tck56 750mm belt drive metal turning Lathes hydraulic servo turret

1. **Processing complex and high precision workpiece** Bed head box optimization design, suitable for discs, shaft parts of the turning process, you can line, arc, metric thread, long thread processing, can be applied to the complex shape of the complex and high precision disk type, shaft parts Processing.

2.**High hardness, good rigidity,** high audio quenching, machine guide rails and saddle rails are using special materials, hard rail, high frequency quenching, super hard wear and tear, durable, good processing accuracy

3. Automatic lubrication, the lubrication point of the use of forced automatic lubrication device for quantitative quantitative lubrication of the screw and guide rail, when there is an abnormal state or lack of fuel, the automatic warning signal.

4. **High precision, low noise.** Spindle high precision double ball bearing support, low noise, high precision, good stability 5.**Tailstock self-protection function**, tailstock with fast cam clamping device, high efficiency. Tailstock sleeve to prevent the drill bit rotation device, to avoid the malfunction caused by the drill bit rotation and damage the tailstock sleeve hole taper, the effective protection of the tailstock parts.

6. Easy to operate, especially for complex parts or high-precision high-volume parts of the processing, but also the first choice of numerical control teaching

Why choose our 3 in 1 lathe drilling and milling machine metal multifunctional TCK56 slant bed machine Y axis vdi turret machine?

1.Strong strength, The company has 20 years of production experience, rich product range to meet the needs of different customers.

2.Quality product ,Workshop workers skilled and rigorous testing of product quality, strict control of each production process. 3.Direct factory price, provide competitive factory price and save your costs.

- 4.7×24 hours after-sale service, Any questions, please contact us directly at any time
- 5.**Strong packing**, will protect the goods from any possible damage during transit.

6. **TRADE ASSURANCE**, protect your orders from payment to delivery.

**Company Information** 

20 years' production experience

Workshop of Lu Young

Certification of Lu Young

The main product of Shandong Luyoung Machinery Co.,Ltd is CNC lathe machine, CNC milling machine, CNC machine centers,CNC swiss type automatic lathe. Annual output is 900sets/ year.

1. More than 20 years of production experience.

2.Exported more than 40 countries.

3. More than 300 staffs in factory.

4.CE and ISO9001 certification .

5.7×24 hours online service.

Annual sales:

### **Annual sales**

Growing company strength, also more and more customers choose our products, the company produces the CNC lathe, CNC milling machine, vertical machine center, annual sales of constant growth.

Who choose Lu Young?

Feedback from customer:

# **Customer feedback**

I am so glad to choose to cooperate with **Luyoung** machinery, Anna works hard to make sure everything finalized in time and perfectly.Now my machines are running well.

It is my hour to take the opportunity to say thanks to Grace from **Luyoung**, she gives me a lot of help,and answer my questions patiently and earnestly at any time. Good service!

If you want to get the cnc lathe machine with good quality and cheap price,I urge you to try **Luyoung machinery**.I have tried and they they never let me down. The factory is very large and the engineer is also very professional.
