

## China Flat Bed GSK Controller Cheap CK6136 CNC Lathe Machine With Hydraulic Chuck

Our Product Introduction

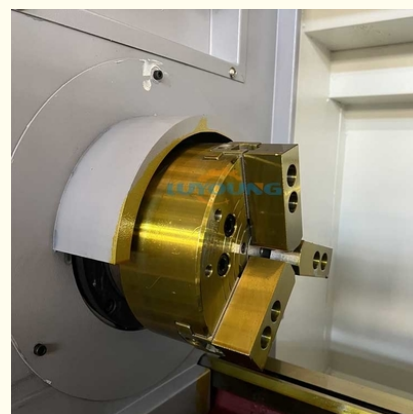

### Basic Information

- Place of Origin: CHINA
- Brand Name: Lu Young
- Certification: CE,ISO
- Model Number: CK6136
- Minimum Order Quantity: 1set
- Price: \$6500-\$7500
- Packaging Details: plywood box
- Delivery Time: 30 days
- Payment Terms: L/C, T/T
- Supply Ability: 100sets per month

### Product Specification

- Max. Swing Dia. Over Bed: 360mm
- Max. Swing Dia. Over Cross Slide: 190mm
- Max. Processing Length: 750/1000mm
- Dia. Of Spindle Hole: 52/60mm
- Spindle Speed: 150-2500rpm
- Spindle Taper: MT6
- Tool Holder: 4 Station Electric Tool Holder
- Tool Bar Section: 20x20
- Main Motor Power: 5.5kw
- X/Z Axis Fast Feeding Speed: 6/8 M/min
- Highlight: China flat bed CNC lathe machine,  
GSK controller CNC lathe machine,  
hydraulic chuck CNC lathe machine

## Product Description

### China flat bed GSK controller cheap CK6136 CNC lathe machine with hydraulic chuck

**Specification of** China flat bed GSK controller cheap CK6136 CNC lathe machine with hydraulic chuck:

Middle CNC Lathe Machine CK6136A		
Item	CK6136A	
Max. swing dia. over bed	Φ360mm	
Max. swing dia. over cross slide	Φ190mm	
Max. processing length(mm)	750	1000
Dia. of spindle hole	52/60mm	
Spindle speed	150-2500rpm	
spindle taper	MT6	
Tool holder	4 station electric tool holder	
Tool bar section	20x20	
Main motor power	5.5kw	
X/Z axis fast feeding speed	6/8 m/min	
X/Z axis position accuracy(mm)	0.01/0.015	
X/Z-axis repeatability(mm)	0.012/0.013	
Clamping	3 Jaw Manual Chuck(optional pneumatic or hydraulic chuck)	
Tailstock sleeve dia.	60mm	
Tailstock sleeve travel	120mm	
Tailstock taper	MT4	
Dimension	2120x1400x1700	2370x1400x1700
Weight(kg)	1650	1750

### List of attached accessories and tools(Automatic 3 jaw chuck cnc precision lathe machine CK6136 Chinese metal lathe machine with CE)

serial number	Name	Model	Quantity (set)
1	3 jaw chuck	K21200(QT)	1
2	Three jaw chuck flange	Φ200	1
3	centre	MTGB9204.1-88	2
4	Taper middle sleeve	MT6 4 S76-1	1
5	stud dead spanner	8×10,12×14,17×19,22×24 S91-1	4
6	square socket wrench	14 S92-3	1
7	hookwrench	28-32,34-42,85-105,110-130 S93-1	4
8	hex wrenches	4,5,6,8,10 S91-7	5
9	screwdriver	150	1
10	oil gun	YK100	1
11	foundation bolt	M16×34 GB779-76	6
12	nut	M16 GB6171-86	6
13	gasket	16 GB95-85	6
14	Machine-to-adjust-Sizing-Block		6

**Advantage of our ck6136 cnc lathe machine:**[\(Automatic 3 jaw chuck cnc precision lathe machine CK6136 Chinese metal lathe machine with CE\)](#)

1. Bed: adopts horizontal flat guide rail structure, overall box-type wide bed foot design; resin sand casting, high rigidity; guide rail quenching and fine grinding, precision and stability are maintained.
2. Spindle box: The bearing adopts the special bearing of Harbin Bearing Factory's high-precision spindle, which has high rotation accuracy. The design of the spindle box body takes full consideration of heat dissipation measures and damping mechanism, which makes the spindle box have the characteristics of low noise and high transmission accuracy.
3. Turning main movement  
The main shaft is driven by a frequency conversion motor through a V-belt through a variable speed mechanism. It has the characteristics of high transmission accuracy, excellent power and torque characteristics, high speed, stable transmission, and compact structure.
4. The feed system adopts high-precision ball screw direct drive, the sliding surface is plasticized, eliminates crawling, improves working accuracy, increases the wear resistance and impact resistance of moving parts, maintains the precision of the guide rail for a long time, and improves the service life of the machine tool. .
5. The centralized lubrication and lubrication pump has functions such as working status display and hydraulic pressure monitoring. The oil filling cycle can be adjusted at any time.

**LU YOUNG:(Automatic 3 jaw chuck cnc precision lathe machine CK6136 Chinese metal lathe machine with CE)**

Shandong Lu Young Machinery Co, Ltd. is established in July 1996. We are located in Shandong Province. We are one of the professional CNC lathe machine, CNC milling machine and Swiss lathe machine manufacturer in China. We founded our first lathe machine factory in 1996 in Tengzhou City to produce center lathe and universal milling machine for over 20 years of development; we built three factories. One is for CNC lathe production, one for CNC milling production.

We imported advanced production technology and R&D team from Korea in 2001 and built our third factory for Swiss lathe machine production. We own about 500 workers and 40 engineers, more than 5000 square meters.

Our engineering team has rich experience for equipment

selection and process design; we can give you a professional solution based on your workpieces fast and freely. We could produce over 1000 sets of CNC machine equipment one year. Our CNC machine tools have been exported to over 40 countries and received good feedback.

- ♥ More than 20 years of production experience.
- ♥ Exported more than 40 countries.
- ♥ More than 300 staffs in factory.
- ♥ CE and ISO9001 certification.
- ♥ 7×24 hours online service.

#### FAQ:

##### 1. Does the China flat bed GSK controller cheap CK6136 CNC lathe machine with hydraulic chuck can be customized?

Of course, if our standard configuration can not meet your needs, please tell us that we redesign and produce the machine to meet your needs

##### 2. How long is the warranty period of the Automatic 3 jaw chuck cnc precision lathe machine CK6136 Chinese metal lathe machine with CE?

Warranty period is one year, if parts damage within one year, we will send free of charge. Free online training or factory training to ensure that you can use our products properly. We can offer overseas paid installation, commissioning service.

##### 3. What time is your work time?

We work online 24 hours a day, offer quotes and technical support at any time.

##### 4. Do you use the Trade Assurance on Alibaba?

Yes, all of the order use this. Can guarantee the quality of the product and your payment.

##### 5. How to get a quote?

Please tell us the model you need or send us drawings of the workpiece, then we can recommend the most suitable products to you.

We will give you the best offer within 24 hours.

##### 6. How to contact with you?

My mobile/whatsapp: +86 18660853235; QQ:3494630853 ;Please send message to us, thanks in advance!
