

## High-Performance Hydraulic Saw Blade Tension Method Metal Band Sawing Machine for Manufacturing Plant Sale

### Our Product Introduction

#### Basic Information

- Place of Origin: Shandong, China
- Brand Name: Luyoung
- Certification: CE
- Model Number: DD703
- Minimum Order Quantity: 1
- Price: \$6,000.00/sets 1-1 sets
- Packaging Details:
  - 1.Non-fumigation packaging, we use seaworthy plywood.
  2. Steel base plate, it is stronger 3-5 times than normal plywood base plate.
  - 3.Water-proof and damp proof, water resistant film wrapped all the machine.
  - 4.Fully sheathed case,prevention of c
- Delivery Time: 45 working days
- Payment Terms: L/C, T/T
- Supply Ability: 80 Set/Sets per Month

#### Product Specification

- CNC Or Not: CNC
- Key Selling Points: Competitive Price
- Sawing Range: 300mm
- Automatic Grade: Automatic
- Saw Blade Tension Method:Hydraulic
- Main Motor: 2.2kw
- Product Category: Metal Band Sawing Machine
- Applicable Industries: Manufacturing Plant
- Highlight: **Hydraulic Tension Metal Band Sawing Machine, Manufacturing Plant Metal Band Sawing Machine**

## Product Description

### High-Performance Hydraulic Saw Blade Tension Method Metal Band Sawing Machine

Attribute	Value
CNC Or Not	CNC
Key Selling Points	Competitive Price
Sawing Range	300mm
Automatic Grade	Automatic
Saw Blade Tension Method	Hydraulic
Main Motor	2.2kw
Product Category	Metal Band Sawing Machine
Applicable Industries	Manufacturing Plant

## Product Overview

The Metal Band Sawing Machine is a high-quality and efficient tool designed for cutting metal materials with precision and ease. This machine is a must-have for any metalworking shop or industrial setting due to its exceptional performance and reliability.

One of the key selling points is its competitive price, making it an excellent investment for businesses looking to enhance their metal cutting capabilities without breaking the bank.

Equipped with a blade speed ranging from 27 to 69 meters per minute, this machine offers versatility and efficiency in handling various types of metal cutting tasks. Whether you need to cut through thin sheets or thick metal blocks, this machine delivers consistent and accurate results every time.

## Key Features

Metal Band Sawing Machine with CNC capabilities

Competitive pricing for excellent value

Hydraulic saw blade tension method

1-year warranty on core components

Designed for manufacturing plants

0.42kw oil pump motor for smooth operation

## Technical Specifications

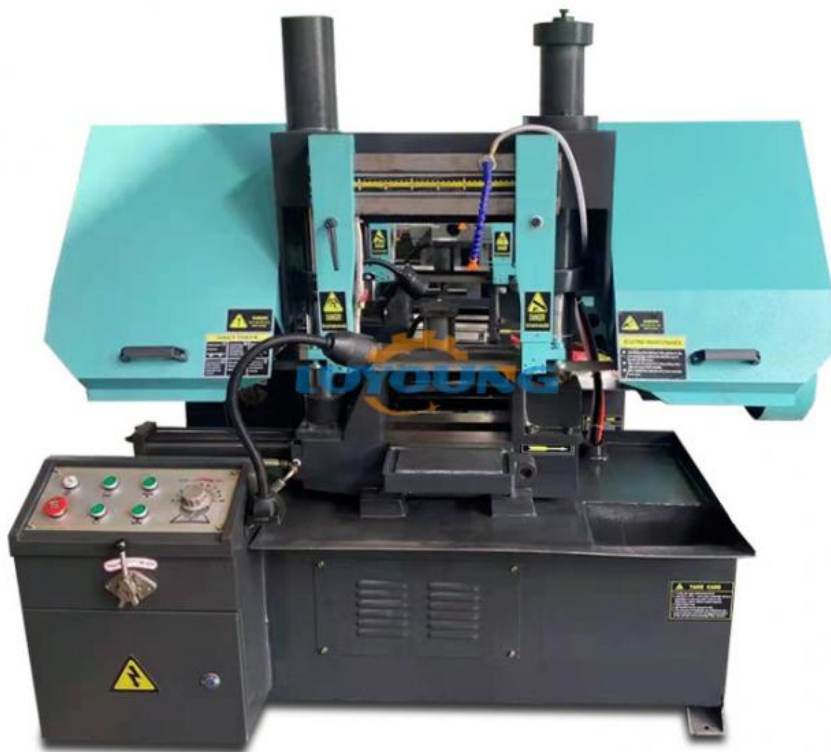

Specification	Detail
Machine Type	Band Saw Machine, GB4250 China Automatic Steel Band Saw Machine Double Column
Saw Blade Tension Method	Hydraulic
Sawing Range	300mm
Condition	New
Automatic Grade	Automatic
Oil Pump Motor	0.42kw
Main Motor	2.2kw
Product Name	Double Column Automatic Steel Cutting Band Saw Machine 5.5kw Motor Power
Weight	800 KG
Blade Speed	27, 45, 69m/min

### Applications

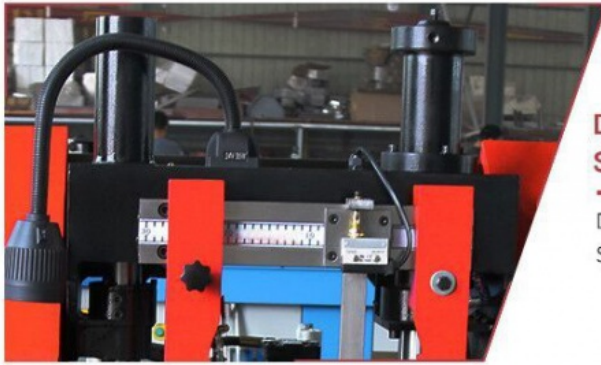

This versatile machine finds application in various industrial scenarios including metal fabrication workshops, manufacturing plants, and maintenance facilities. Its flexibility in handling different metal materials makes it suitable for a wide range of cutting operations.

With a minimum order quantity of 1 and competitive pricing, it offers cost-effective solutions for both small-scale operations and large industrial setups.

### Product Images

## Machine details

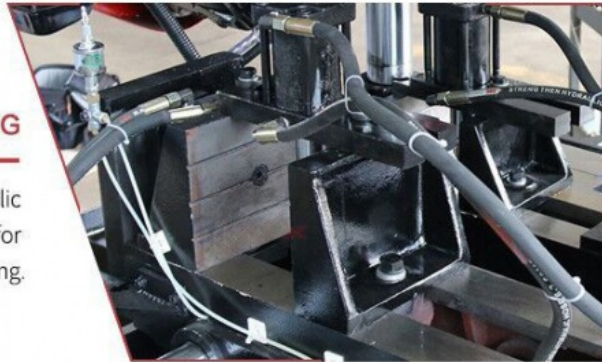

### DOUBLE COLUMN STRUCTURE

Double column structure,  
Stable cutting .

### HYDRAULIC CLAMPING

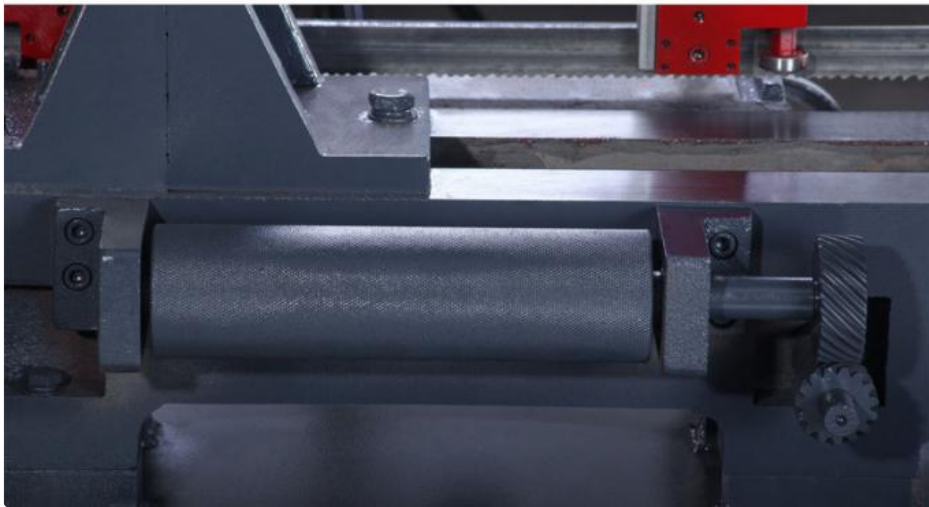

Standard with hydraulic  
clamping device for  
accurate cutting.

### AUTOMATIC FEEDER

Standard with 1 meter length  
automatic feeder; Controlled  
by PLC ; High efficiency.

## Support and Services

Our product comes with comprehensive technical support and services to ensure smooth operation and maintenance. Our team of skilled technicians is available to provide assistance with any technical issues that may arise.

We offer training programs to familiarize operators with the machine's features and functions, enabling them to maximize its efficiency and productivity. Our service team is equipped to perform routine maintenance and repairs to keep the machine in optimal working condition.

## Packing and Shipping

The machine is securely packaged in sturdy non-fumigation packaging with a steel base plate for maximum protection during transit. Once your order is processed, the machine will be carefully packed and shipped using reliable courier services with tracking information provided.

## Frequently Asked Questions

### What is the Brand Name of this Metal Band Sawing Machine?

The Brand Name is Luyoung.

### What is the Model Number of this Metal Band Sawing Machine?

The Model Number is DD703.

### Where is this Metal Band Sawing Machine manufactured?

This machine is manufactured in Shandong, China.

### What are the accepted Payment Terms?

The accepted Payment Terms are L/C and T/T.

### What is the Supply Ability of this machine?

The Supply Ability is 80 Set/Sets per Month.
