

Manufacturing Plant Metal Band Sawing Machine with 300mm Sawing Range and 0.42kw Oil Pump Motor for Heavy Duty Cutting

Our Product Introduction

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Luyoung
- Certification: CE
- Model Number: DD703
- Minimum Order Quantity: 1
- Price: \$6,000.00/sets 1-1 sets
- Packaging Details:
 - 1.Non-fumigation packaging, we use seaworthy plywood.
 2. Steel base plate, it is stronger 3-5 times than normal plywood base plate.
 - 3.Water-proof and damp proof, water resistant film wrapped all the machine.
 - 4.Fully sheathed case,prevention of c
- Delivery Time: 45 working days
- Payment Terms: L/C, T/T
- Supply Ability: 80 Set/Sets per Month

Product Specification

- Blade Speed (m/min): 27,45,69m/min
- Automatic Grade: Automatic
- Product Name: Double Column Automatic Steel Cutting Band Saw Machine 5.5kw Motor Power
- CNC Or Not: CNC
- Belt Saw Blade Size: 3050*34*1.1mm
- Main Motor: 2.2kw
- Warranty Of Core Components: 1 Year
- Saw Blade Tension Method:Hydraulic
- Highlight:
 - 300mm Metal Band Sawing Machine,
 - Oil Pump Metal Band Sawing Machine,
 - Manufacturing Plant Metal Band Sawing Machine

Product Description

Manufacturing Plant Metal Band Sawing Machine

This double column automatic steel cutting band saw machine features a 300mm sawing range and 0.42kw oil pump motor for heavy duty cutting operations. With 5.5kw motor power and CNC capabilities, it delivers precision cutting for industrial applications.

Key Specifications

Attribute	Value
Blade Speed (m/min)	27, 45, 69
Automatic Grade	Automatic
Belt Saw Blade Size	3050×34×1.1mm
Main Motor	2.2kw
Warranty	1 Year (Core Components)
Saw Blade Tension Method	Hydraulic

Product Overview

This metal band sawing machine is an essential tool for manufacturing plants requiring efficient and accurate metal cutting. The hydraulic saw blade tension method ensures optimal performance with smooth, consistent cuts while minimizing blade slippage. With variable blade speeds (27, 45, and 69m/min), the machine adapts to different materials and cutting requirements. The 1-year warranty on core components demonstrates the machine's durability and reliability for industrial metal cutting operations.

Technical Features

Weight: 800kg

Condition: New

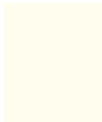

Oil Pump Motor: 0.42kw

Machine Type: GB4250 China Automatic Steel Band Saw Machine

CNC Capable: Yes

Technical Parameters

Key Selling Points	Specifications
--------------------	----------------

Applicable Industries	Manufacturing Plant
Sawing Range	300mm
Motor Power	5.5kw
Product Category	Metal Band Sawing Machine

Industrial Applications

The Luyoung DD703 Metal Band Sawing Machine excels in various industrial settings:

Manufacturing plants for precision metal component cutting

Fabrication workshops for pipes, tubes, and solid metal bars

Construction sites for structural metal components

Automotive industry for vehicle assembly parts

Metalworking facilities for tool and die production

Minimum order quantity: 1 set. Delivery time: 45 working days. CE certified with non-fumigation packaging on steel base plate.

Product Support

Our comprehensive support includes:

Technical assistance for troubleshooting and maintenance

Operator training for safe and efficient use

Warranty coverage for core components

Packaging & Shipping

The machine is securely packaged in sturdy cardboard with protective cushioning. We partner with reliable couriers for safe delivery, providing tracking information for all shipments.

Frequently Asked Questions

Brand and model information?

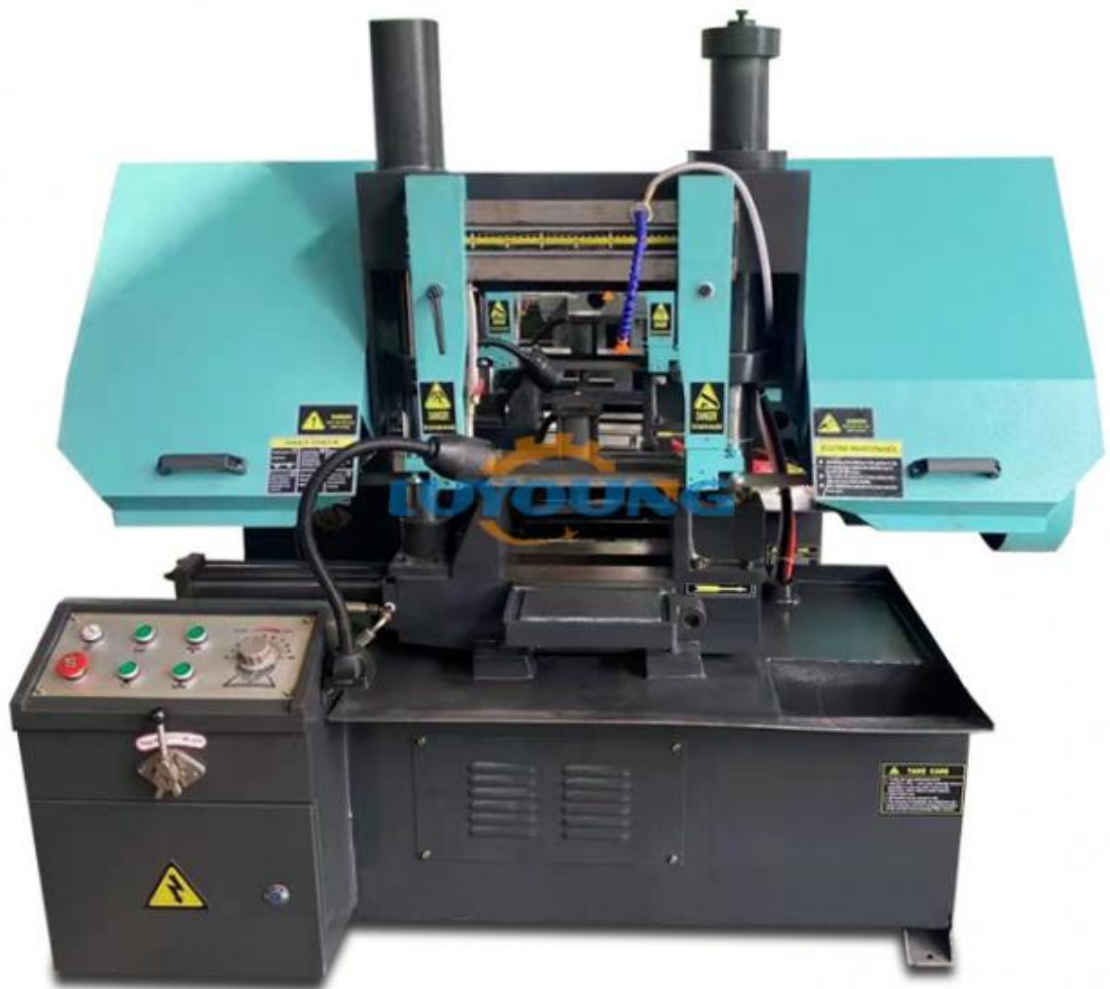

Brand: Luyoung | Model: DD703 | Origin: Shandong, China

Payment and delivery terms?

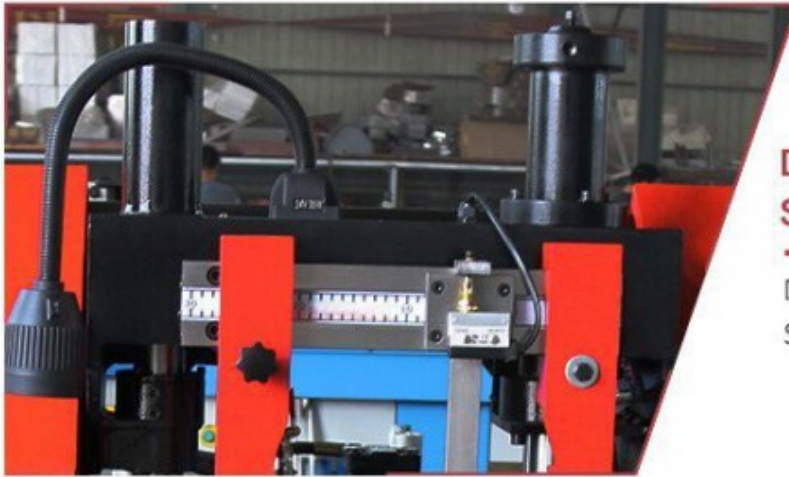

Payment: L/C, T/T | Delivery: 45 working days

Machine details

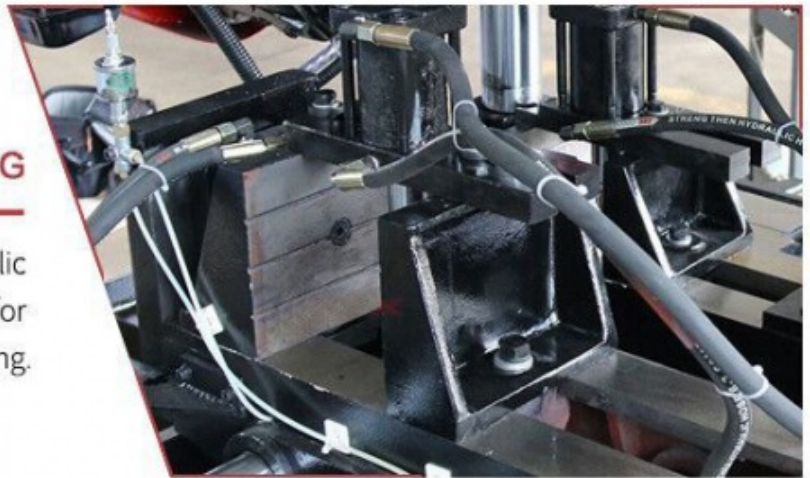

DOUBLE COLUMN STRUCTURE

Double column structure,
Stable cutting.

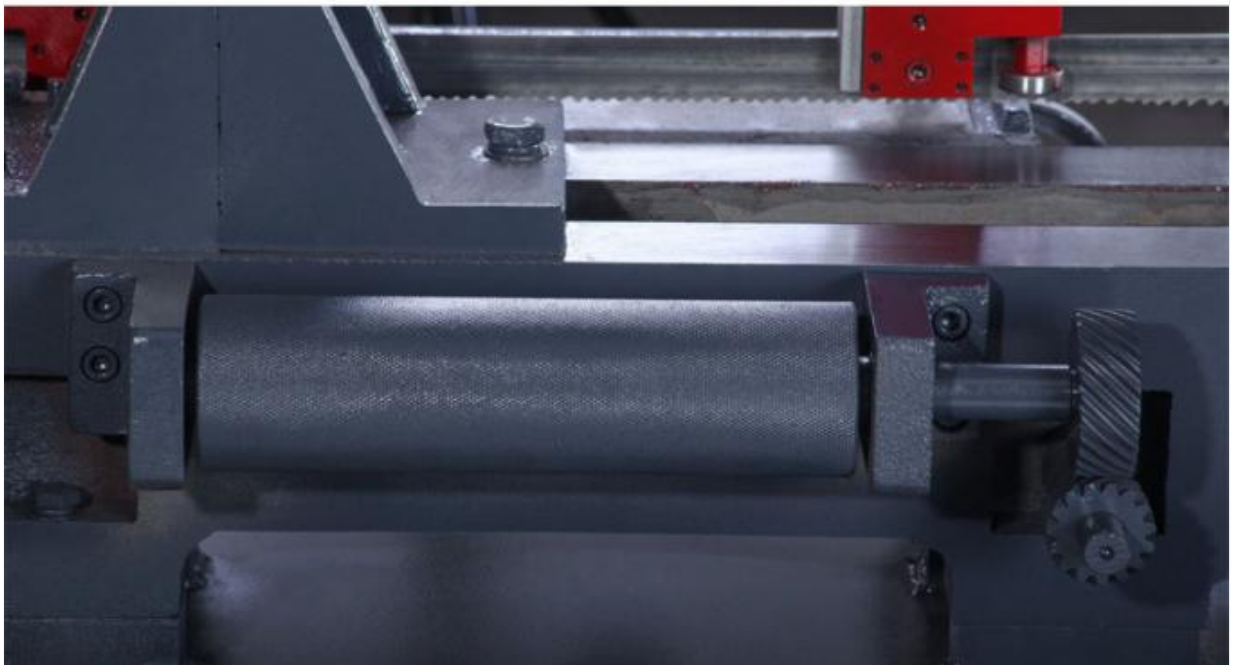

HYDRAULIC CLAMPING

Standard with hydraulic
clamping device for
accurate cutting.

AUTOMATIC FEEDER

Standard with 1 meter length
automatic feeder; Controlled
by PLC ; High efficiency.
